

Important Notice from School District of Manatee County About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with **School District of Manatee County Self-Funded Health Plan** and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. **School District of Manatee County** has determined that the prescription drug coverage offered by the **School District of Manatee County Self-Funded Health Plan** is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan or any Medicare supplement or "gap" plan, you will automatically be dropped from the **School District of Manatee County Self-Funded Health Plan** as a result. Please be aware if this happens, you will not be able to get this coverage back.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plan offered under Medicare D. See pages 7- 9 of the CMS

Disclosure of Creditable Coverage To Medicare Part D Eligible Individuals Guidance (available at <http://www.cms.hhs.gov/CreditableCoverage/>), which outlines the prescription drug plan provisions/options that Medicare eligible individuals may have available to them when they become eligible for Medicare Part D.

Current prescription benefits under your School District of Manatee County Self-Funded Health Plan are as follows:

All medically necessary drugs prescribed by physicians, with the following co-pays:

From the local pharmacy, 30-day supply:	Generic Drugs	\$10
	Brand Name Drugs	\$30
	Non-Formulary Drugs	\$60
90-day supply	From the Mail Order Pharmacy,	
	Generic Drugs	\$25
	Brand Name Drugs	\$75
	Non-Formulary Drugs	\$150

Medically necessary drugs are dispensed as needed, without any annual dollar limits. In addition, your current coverage pays for health expenses other than prescription drugs, and you will no longer be eligible to receive your current health/prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with **School District of Manatee County Self-Funded Health Plan** and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
