### When making a donation, remember:

- The majority of our patient population includes infants, toddlers and adolescents.
- We are unable to use or accept the following items:
  - All used items
  - Items that have been stored at a home, garage or storage facility
  - VHS tapes
  - Toys that promote violence or fighting
  - Toys with small pieces or sharp parts
  - Items made of rubber or latex
- Please purchase items made with a limited amount of cloth or fabric as these materials are difficult to clean.

If you have questions about any of these items, or would like to find out what our greatest needs are currently, call the Child Life department:
