3. Select Edgenuity Tile

### **How to be successful and complete courses quickly**

1. Complete all prework at home before showing up to summer school session.
2. Be prepared to take test and quizzes each day to move quickly through the program.

## **Manatee High Credit Recovery Program Parent and Student Information Sheet**

Edgenuity is an online credit recovery program that will be offered to Manatee High students who have met specific criteria (such as credit deficiency, low GPA, etc.). If a student has more than two credits to recover, it will be important that the student discusses enrollment options with his or her school counselor. Students are expected to routinely complete assignments and submit their work online. Students will be expected to regularly check their accounts for updates from the system administrator.

Students must complete the assignments and exam(s) to earn credit for the course. Your specific course is listed on your registration sheet.

### **Reminders:**

- Cheating will result in an “F” being assigned for the course.
- Cheating includes using outside resources to complete work.
- If you experience any problems or difficulties with the use of this program or complications with accessing the program (Internet or computer problems), you must report it immediately.
- Extensions to submission deadlines will NOT be granted for problems not reported prior to an assignment due date.
