MEMORANDUM

TO: School District Superintendents

FROM: Jacob Oliva, Chancellor
Division of Public Schools

Juan Copa, Deputy Commissioner
Division of Accountability, Research and Measurement

DATE: August 9, 2019

SUBJECT: 2018-19 School, District and State Report Cards

The department is pleased to announce the release of the 2018-19 School, District and State Report Cards in the [EduData Portal](http://edudata.fldoe.org) (<http://edudata.fldoe.org>). These report cards serve as a valuable resource for parents, educators and stakeholders by offering greater transparency into how Florida's districts and schools are doing with regard to student achievement and success.

The 2018-19 Report Cards not only provide the 2018-19 performance data, but also contain several new features including a State Report Card; educator qualifications and equity; per-pupil expenditures; and national data. The department will continue to update information in the report cards as new data become available, as well as develop new enhancements based on user feedback received through the portal. News and updates about ongoing enhancements will be provided to those who subscribe through the portal.

We encourage you to share this information with parents, educators and stakeholders in your community and to provide your feedback through the portal to help us make the Florida Report Cards a valuable resource. For more information about the 2018-19 School, District and State Report Cards or the EduData portal, please contact the Division of Accountability, Research and Measurement at BITeam@fldoe.org or 850-245-0437.
