Advanced Placement (AP) Information

A series of horizontal lines in shades of gray and white, extending from the left edge of the slide and ending under the title area.

What is Advanced Placement (AP)?

Nationally standardized, college-level curriculum developed by College Board in over 30 subject areas.

Opportunity to earn credit for college by achieving a specific score on an AP exam at the end of the year.

Exams are scored on a scale of 1 -5. Typically, a Level 3 or higher awards credit.

AP Classroom is a virtual tool that benefits students as they prepare for the AP exams.

Advanced Placement (AP) Quick Facts

Main Questions	Points to Consider
Where are courses offered?	On BRHS Campus.
What is the application process?	Include the course(s) on BRHS Course Request Form.
What are the requirements to enroll?	Recommended 3.00 GPA and Level 3 or higher on most recent FAST/EOC.
How is GPA calculated for high school?	GPA at BRHS is calculated on a 5.0 scale. * Colleges and Bright Futures program may only calculate GPA on 4.50 scale.
How is the college credit awarded?	AP Exam are scored on scale of 1 – 5. Most colleges award credit for a score of 3 or higher. * Students may use AP Credit Policy Search Tool to research specific institutions.
Is transportation provided?	Students may ride the bus to BRHS if within the school zone.
What is the cost?	AP course materials and exams are paid for by the School District.
What is the impact on college/university transcript?	No impact on post-secondary GPA. * Credit may appear on college transcript as CR (credit) or P (Pass) with number of credit hours.

Benefits of AP:

A Head Start in High School

Research consistently shows that AP students are better prepared for college than students who don't take AP, regardless of their exam score. They're more likely to enroll and stay in college, do well in their classes, and graduate in four years. Taking AP can help you:

Get a Taste of College

Get familiar with college-level work—and boost your confidence by tackling it.

Develop College Skills

Time management, critical thinking, scholarly writing—AP courses and exams help you hone the skills you'll need in college and career.

Discover Your Passion

Studying a subject in depth could give you new insights and even put you on the path to a career.

Boost Your GPA

Taking an AP course and exam can boost your GPA. Check with your school for more information.

An Edge in College

Taking AP courses and exams in high school could give you an advantage in college by letting you:

Earn College Credit and Placement

Your AP Exam score could earn you college credits and let you skip introductory courses before you even set foot on campus.

Save Money and Time

Earning credit or placement can open up time on your schedule or even let you graduate early.

Stand Out to Colleges

"AP" on your high school transcript shows colleges that you're motivated to succeed, and taking the exam demonstrates your commitment to tackle and complete college-level work.

Keep Your Options Open

Earning college credit with AP can give you the flexibility to change majors, pursue a second degree, study abroad, or seek internships.

AP Credit Policy Search

<https://apstudent.collegeboard.org/creditandplacement/search-credit-policies>

The screenshot shows the AP Credit Policy Search homepage. At the top, there is a navigation bar with 'AP' on the left, 'Sign In' with a user icon, and a 'Search' button. Below this is a secondary navigation bar with links: 'Home', 'Getting Started', 'Courses & Exams', 'Taking Exams', 'Scores', and 'Credit & Placement'. The main heading is 'AP Credit Policy Search' in large white text on a blue background. Below the heading, a subtext reads: 'Your AP scores could earn you college credit or advanced placement (meaning you could skip certain courses in college). Use this tool to find colleges that offer credit or placement for AP scores.' There are two search options: 'Search by Course' (selected) and 'Find Your College'. Under 'Search by Course', there is a dropdown menu labeled 'Accepted AP Course' with the text '--Select Course--' and a downward arrow.

The screenshot shows the Florida State University AP credit policy page. The header includes 'Florida State University' and 'Tallahassee, FL'. A paragraph states: 'Students who have participated in the AP Program in high school and received a score of 3 or higher on the national examinations will receive college credit in the appropriate subject areas. Please refer to our website for information about specific scores and credits.' Below this, it says: 'For more information, view the credit policy on this college's website.' A note mentions: 'Additional restrictions and requirements may apply to the policy listed below. For more detailed information, visit the college's AP policy on the Web or contact the college directly.' There is a link: 'Learn more about AP credit & placement'. Two checkboxes are shown: 'Offers credit for qualifying AP Exam scores' and 'Offers placement into advanced courses for qualifying AP Exam scores', both with green checkmarks. A button 'Download results (CSV)' is present. Below is a table with columns: 'Exam Name', 'Min Score Required', '# of credits', and 'Equivalent course'.

Dispelling the Myth about AP Scores

College Board Research Findings - June 2021

→ Enrollment Records for 1.5 million students and a subsample of 410,000 students with college grades ←

Key Takeaway: AP students who earn a score of 1 or 2 or average a score of 1 or 2 across their AP Exams in high school, have **better college outcomes** than academically similar college students who did not take an AP course and exam.

Finding # 1: AP students are **more likely to enroll in a four-year college** in comparison to academically similar peers who did not take AP courses.

Finding # 2: Students who earn AP scores of 2 are **well prepared to succeed** in introductory college coursework.

Finding # 3: Many students who first score a 1 or 2 on an AP exam will **take more AP courses and score higher.**

AP Capstone Courses - Seminar & Research

What It Is

AP Capstone is not a course. It's a two-year program based on two AP courses—AP Seminar and AP Research. Other AP courses teach you, in depth, about a specific subject, like biology or U.S. history. AP Seminar and AP Research are different. They focus on helping you develop academic skills you can use in any discipline. These skills include:

✓ Critical thinking: View issues from multiple perspectives and create arguments based on evidence.	✓ Collaboration: Work alone, in a group, and with expert advisers to communicate your ideas.
✓ Conducting research: Explore various research methods and complete research projects on topics of your own choosing.	✓ Public speaking: Present and defend your work as a group and individually.

Dual Enrollment Information

A series of horizontal lines in shades of gray and white, extending across the width of the slide below the title.

What is Dual Enrollment?

Dual Enrollment provides an opportunity for students to earn credit for courses that meet both high school graduation requirements and can be used towards a degree program at the collegiate level.

BRHS partners with two institutions to provide dual enrollment opportunities:

- University of South Florida
- State College of Florida

Students can enroll in part-time or full-time dual enrollment programs while in high school.

Dual Enrollment (DE) Quick Facts

Main Questions	Points to Consider
Where are courses offered?	On campus with USF and off campus at SCF or USF Campuses.
What is the application process?	Online application. *Depending on the program, student may also be required to submit proof of residency, immunization record, online orientation, and DE contract.
What are the requirements to enroll?	Both institutions require a specific cumulative GPA and minimum PERT, SAT, or ACT scores.
How is GPA calculated for high school?	GPA at BRHS is calculated on a 5.0 scale. * Colleges and Bright Futures program may only calculate GPA on 4.50 scale.
How is the college credit awarded?	Grade earned in the course is recorded on both high school transcript and college transcript.
Is transportation provided?	Students or families must provide own transportation to USF or SCF.
What is the cost?	Tuition and required textbooks are provided by the School District.
What is the impact on college/university transcript?	Course grades are calculated into post-secondary GPA. * Students must submit an official transcript from USF or SCF to any other college/university that he or she may attend in the future.

Enrollment Process

- **Step 1-Early College Application**

- EC application available at www.scf.edu/apply
- Upon initial review, SCF will send a Welcome Email with student credentials.
- If the student is continuing dual enrollment courses, a new application is not required. (A new application is required to return to the Early College programs after participating in college enrichment/non-degree program)

- **Step 2- Official Test Scores** must be sent to the Office of the Registrar (registrar@scf.edu) directly by College Board, ACT, or Cambridge. Super scoring is available with SAT/ACT/PERT. SCF students may take the PERT for free with SCF. PERT is by appointment only. Students may test once per semester and no more than twice per calendar year.

Enrollment Process Continued

- **Step 3-Early College Contract** is submitted as part of the admission process. This digital contract includes the type of enrollment and area of interest (pathway). *This form requires student, parent, and counselor approval.*
- **Step 4-Online Orientation** is required prior to SCF registration for new students to SCF. Link to complete orientation is included in the Welcome Email.
- **Step 5-SCF Registration** must be secured prior to the DE deadline. Students should connect with their Success Coach for assistance with registration. Students must submit a detailed schedule to their high school counselor after completing registration.
- **Step 6-Get Instructional Materials**

FAQS

FORMS

EARLY ADMISSION

Early Admission is a form of dual enrollment whereby eligible high school students are admitted to USF as fulltime students for fall and spring semesters of their high school senior year.

During the early admission year, students take 12-15 credits each semester. The courses they take earn credit toward both a baccalaureate degree and completion of the high school diploma.

Early admission is open to students from any high school setting: public school districts, charter schools, private schools, or homeschools. Schools, School Districts, Homeschooled students interested in making early admissions can request an Early Admission Articulation Agreement with USF by submitting an **electronic request**. Use the hyperlink to submit a request.

Students must start the Early Admission Process as early as the summer before or the beginning of their Junior Year of High School.

USF Early Admission

From the Application Procedure Page - Read All but apply here:

Early Admissions online applications must be completed by **March 1st**

2. Students initiate the application process by completing the online **USF "Degree Seeking" Application**. When completing this application they will select the Fall Semester of their high school senior year. **When it asks, "Will you have graduated from high school prior to enrolling at USF?" say YES. DO NOT PAY** the application fee and tuition/admissions deposit. Both will be waived.
