Please read below and thank you for helping me keep your children safe!

Also, would you please continue to save your padded/bubble type envelopes (8½ x 11 and larger) that are delivered to your home? They will be used to protect kiln fired pottery for your child to take home. Please send to school with your child. Larger bubble wrap will not protect as well so please don't send them in. These envelopes will come from places that you order from that come directly to your home that you shop from and perhaps throw away. We can recycle them by wrapping them around pottery projects to protect them in the hope that each pottery project is able to make it home safely.

Thank you so much for all that you do! Mrs. Kushmer
