200 Rye Road Bradenton, Florida 34212 Phone (941) 741-3628

Dear Parents,

December 2, 2019

We are excited to announce that the new car loop will open on Thursday, December 5, 2019! Beginning this Thursday, when arriving on campus, please use the outside, right lane only. (The center lane will be used for parking only.) We will use a double lane in the new loop that will merge into a right lane near the drop-off/pick-up zone. Once you are in a lane, do not cross the solid white line until you are merging into one lane right before the loading area. The speed limit will be 10 mph throughout the entire car loop. Please be patient as we use this new area.

Thank you for your cooperation,

David Marshall

Principal

Gene Witt Elementary School
