

Hello Families,

The PTO would like to welcome you to the 2020-2021 school year. We know this will not be a “regular” school year but we are excited to have the opportunity to continue to support Haile Middle School’s wonderful teachers and staff.

As COVID-19 continues to impact our everyday lives, we are incredibly grateful for your support and understanding as we navigate this challenging time together. In lieu of the traditional PTO fundraisers, we feel the safest and most effective way for families to support our Haile community is through PTO Boosters.

The Haile PTO Boosters is a Parent Organization that has impact on ALL students and teachers at Haile Middle School. With your support, we financially supplement academics, teachers, staff and any other school need. 100% of the funds raised will be distributed back to the school. Your contributions will help us to invest in programs and supplies to keep our school and students safe during COVID-19.

Thank you for being part of our Haile community. We wish you and your family a healthy and a successful school year.

Go Storm!

Summer Smith-Pope, PTO Vice-President & Jodi Kudelko, PTO Treasurer
