# Please join us for one or more of the following workshops:

Room	
NUUIII	6:00 – 6:45 PM
	A Parent's Guide to A Successful Transition
	Misti Pollaro Family Network on Disabilities
	Transition planning is an ongoing process to prepare our children with disabilities for
	Adulthood. It requires planning, skill development, and network support. In this workshop, you
	will learn what options are available to you and your family, to prepare for that journey into
	Adulthood.
	Games and Activities for Developing Young Learners
	Jodi O'Meara Curriculum Specialist PK
	Learn games and riddles to play at home to activate learning in language and mathematics.
	Discover how foundations through play and fun activities can create a strong foundation for
	future learning. This workshop will provide ideas and experiences that you can take home and
	share with your child or children in fun, game-like formats.
	Common Mental Health Diagnoses in Children: Signs/Symptoms, Treatments, and
	Trauma Informed Communication
	Dr. Jennifer Katzenstein, Director of Psychology and Neuropsychology at Johns Hopkins All Children's
	This workshop will provide an overview of common mental health concerns in children and
	adolescents, as well as evidence-based treatment modalities and ways parents can support
	their children emotionally. Common mental health myths will be addressed, as well as trauma
	informed communication strategies.
