#### Media Center Book Purchase Review:

Any time we want to purchase books for the media center that are not in the approved que we have to present the list for reproval.

Approval has to come from SAC voting members.

All are in different schools; just not in our media center.

Everyone agrees to add these books to DMJ media

All voting members approved

#### Safety Review:

Weapons detection went well all week last week

Students got used to it...had their binders and umbrellas out

Hope to have it full time in all middle schools next year.

It will be back at some point this year and we will find out about a week before.

Once school day starts the machine moves to the front door and guardian stays with it all day

Only two entrances used when it is on campus

Information about the threat, all we can give you is what was in the principal call out; student was arrested by MCSO; the MCSO takes over and we get the information from them. Once MCSO told us they were sending a press release out we sent our release out before them. Per the Superintendent that student will not return to our campus.

Doors locked; windows locked; SRO does perimeter checks multiple times a day

#### Referendum Review:

Eaton spoke about Referendum 7 and encouraged parents to vote. Please make sure you vote.....this is Eaton's personal opinion as she is not an employee as a district

Keitel agreed and is parent only.

Mileage used for EOC bootcamps; planning days (one per semester); tutoring; materials for test preparation. Arts teachers get a chunk of the pot based on how many kids are in their classes to spend on their students.

Housekeeping things: YDash is sitting at the door to let students in during the morning.

Adjournment at 6:21

1<sup>st</sup> – Keitel

2<sup>nd</sup> – De La Cruz
