

SAC

5:54pm Adrienne Eaton

District speaking to us about referendum ballot 7: Scott Hansen (strictly giving information) Not a new tax; no increase in property tax. - PowerPoint provided with the information.

Approve minutes: motion to approve Keitel and seconded by Gaia

Establish our voting members; 10 members of our group that are the voting members. 6

Caucasian, 1 African American, 2 Hispanic, and 1 multi-racial.

Barlaug, Eaton, DeLaCruz, Nayla, Roxanne Coffey, Keitel, Gina Wood, Silke Porter, Stacie Wodrich

Approve by-laws: doesn't say term limit so we need to put in a term limit per position; typically, it is 3 years due to length of time you are in middle school. Anyone have thoughts? Add 3-year term limit to by-laws. Motion to approve: Eaton approve and Keitel to second.

McClellan to be Secretary Keitel approve, Eaton second.

SIP plan 3 goals for our school this year. Page 8 is the first one.

#1 is SWD, federal government says students should be at 41% proficiency and our SWD was below that threshold. Provide intensive support, tutoring before and after school, data tracking through homeroom, accommodations.

#2 Science scores 2% drop from last year. Looking to increase by 4%. New programs this year for 8<sup>th</sup> grade standards...Penda Learning. Hard test due to being testing on three years' worth of information. First year of electronic last year and adaptive. 8<sup>th</sup> grade teachers can go back and reteach 6<sup>th</sup> and 7<sup>th</sup> grade standards in bell work. Literacy coach working with science on vocabulary as well.

#3 instructional practice 174 students drop a level, so we wonder why 20% dropped one or more levels; working on student engagement to take ownership of their learning.

First few pages are just school demographics.

SIP is on the school website.

It is a living document; meant to be reviewed throughout the year.

Approved by Keitel second by Coffey

Safety: social media threats; DMJ was not ever threatened; parent put it out there anonymously that it was DMJ instead of reporting to police. It all started down in Charlotte County.

When threats or false threats of that magnitude come through, we are the safest campus you can be on. We had 5 MCSO and extra guardians and district personnel. Any parent that called in absent was excused absence.

Every staff member on our campus is required to wear the Centegix.

Sheriff Wells video.....students will be arrested for making threats.

Another hot topic: metal detectors will be coming to campus in the near future. Rotation through all middle schools. The whole point is that it is a deterrent. High schools do have them full time. Our outside doors stay closed and locked; 1<sup>st</sup> time a staff member doesn't close a door they can have a written reprimand. 2<sup>nd</sup> time lose pay, 3<sup>rd</sup> time lose job.

YDash door locked in the mornings?

Principals report:

Cross Country Meet 7am GT Bray on Saturday

All County Chorus at SCF on Saturday

Picture retake day 10/10

932 students today

End of Qtr next Friday

Qtr Reward is 10/11
