

SAC Minutes 10-20-20

Present: Sloman, Cox, Kosko, Bohlmann, Hart, Barlaug, Patterson, Morgan, Papin, Joseph, Parker, Kern, Lozano; Mahoney, Kudelko

Morgan: **Call to order**

Barlaug motioned to call to order, Cox seconded; Meeting began at 6:00 PM

Sloman – **Review of voting members;** we need an African American voter to meet school demographics; 10 voting members present and quorum met.

September **SAC Minutes** – questions? Motion to approve -Barlaug, seconded by Sloman.

Sloman – **Admin Report**

Current enrollment 788 up 6 from last month. Moving to new modalities on Monday. 587 will be full-time brick and mortar; the rest will be e-learning.

Fully staffed with the exception of full-time push in teacher for ele.

Picture day November 4; Progress reports on 19th; off Veterans day.

Benchmark testing begins November 9; second quarter moved to February. High school courses must take semester exams. E-learning students in Algebra and Geometry have to take the exam on campus regardless of modality.

Barlaug – yearbooks came in this week. Distribution happening this week.

Red ribbon week next week; 5 spirit days, costumes, etc.

Morgan – **Review and approval of SIP plan.** Morgan signed as SAC chair and the report has been submitted.

Morgan/Sloman/Barlaug – **Review of 2019 SAC.** Questions presented and comments requested.

Sloman – **Modality Change** timeline – students will start new modes on Monday. Master schedule being rewritten and students being individually scheduled. Every teacher and student will receive a new schedule. Hybrid modality did not have enough requestions to be serviced.

Barlaug – please share the word that as schedule change, every attempt is being made to keep student schedules as close as possible. Electives are now being offered that had not been available before. Teachers will be changing, need a few days to settle things. Nothing will be perfect on Monday. New schedule has to be done in a test site and will be moved to Focus over the weekend. Focus and Schoology may not be updated – students should wait until Monday morning to receive schedules in alpha home rooms. Teachers are doing more than ever before; this will allow more normalcy at school for both teachers and students.

Morgan – thank you for the effort and hardwork. Question: is there a student rep for SAC?

Introduction of student representative – Catherine Mahoney. Catherine nominated by several teachers.

COVID Update – Barlaug – 2 positive students; contact tracing includes measurements and seating charts; one required 3 students quarantined the second required 6 students quarantined. Classes are at capacity, but distance is not always possible. Not quite 6 ft in some cases even with dividers. Likely we will see additional cases when students come back on campus. Please keep students home if they are not feeling well or are waiting on test results.

All current COVID protocols remain in place and will be reviewed with students Monday.

Facilities Capital Plan Update – Barlaug – approved by district and will move Haile forward on renovations and updates to AC systems. Some portables will be moved soon.

Morgan – **Review letter to board** – encouraging people to download letter and forward to commissioner of education to extend the executive order that expires on 12/31. At this point all students would have to be in face to face school or district would lose funding. The letter asks for an extension of the EO or reconsidering definition of enrolled student to include e-learning students. Link is on website to download. (Sloman will add it tomorrow.) Mrs. Barlaug will include the information in her Sunday callout.

Morgan – **Question/Items for next week's agenda**

Parker – might want to remove the letter about capital funding so there is no confusion regarding letters. Also adding to Haile FB and Instagram, PTO websites as well.

Kern – would like to be on agenda next month for business partners.

Motion to adjourn – Sloman; seconded by Cox.

Meeting adjourned at 6:38
