Barlaug - Covid-19 Update

Only change – if student is exposed they can return if they receive a negative PCR test after day 6.

If students have ANY Covid symptoms, they must have a doctor's note or a negative rapid test to return to school.

We have not had any positives until just about 20 minutes ago. Three people will be contacted about that.

Conversations will be had about Covid protocols at the sporting events.

Morgan – Agenda items for next meeting?

Parker - Any discussion from county about when vaccines will be available for staff? Mrs. Saunders actively working trying to get it for at least 65+ and medically fragile. Advocating to get the vaccine for all teachers. Had some trouble finding the link for the meeting tonight.

Morgan- website is confusing. It shows meeting should have been on the 12th. Mr. Sloman will make sure this gets updated.

Have teachers been removed as essential workers by the governor? Teachers are not considered essential for Covid vaccine priority at the state level.

Morgan – motion to adjourn. Made by Barlaug, Seconded by Sloman.
