II. Old Business -

There was a motion to approve the minutes from the last meeting of the 20-21 school year, the motion was seconded. A vote was called to approve the minutes. The motion passes and the minutes are approved.

III. New Business-

- a. **New Building –** This year construction will begin behind building 5. A new building is being constructed this year and should be finished in about January 2023. This will take longer than normal because of the back order of steel due to the pandemic. A new building and courtyard are being constructed. The style of the building will be the same as the already constructed building to keep an architectural flow throughout the school.
- b. **Testing –** Currently there is make up testing either for kids who did not pass their exams from last year or have to make them up.
