Mr. Mendoza summarized the Blue Ribbon Schools of Excellence process which occurred last week on campus. He described the multiple sources from where information is gathered. He shared that he has reports full of information that he will be reviewing and share more in detail over time. One particular strength they talked about was in the staff/people at Bashaw. He shared that on Monday, there is a plan for Admin., School Counselor, SSS and Reading Coach to begin reviewing the data and formulating next step plans. Mr. Morgan asked that we highlight more specific data at the next meeting.

Mrs. Marshall shared the Assessment calendar for this school year. The version presented was organized by Mrs. Poole, School Counselor, and contains all assessments at the school, district and state level. Several assessments were explained. There were no questions asked.

Mr. Morgan explained the District SAC Meeting and what types of things happen there. He encouraged parents to attend, and even shared that it would be a good opportunity if any parent wanted to look at stepping as SAC Chair next year. The next meeting will occur at MTC on Oct. 23<sup>rd</sup> at 6:00. Mr. Beauchamp asked if the zoning committee talk will be discussed.

Safe Learning Environment - Shared about implementation of mag locks in more places. Talked about success of first two drills – next one next week. Asked for parent concerns questions: Mr. Morgan asked about drop off area near café' – pointed out danger of kids crossing there w/ car traffic – we will address that w/ BCC parents as there are 4 visitor spots marked at the front of the school for this purpose that should be used. Mr. Beauchamp asked about speed limit signs; says he often sees parents going in and out of the parking lot during BCC hours way too fast! This also can be addressed in a note to BCC parents. Also going to request sheriff monitoring for a period of time to help w/ enforcement.
